WARNINGS

- This product must be installed in accordance with all applicable codes by a person familiar with the product.
- Each fixture must be properly supported during install.
- DO NOT join fixtures on the floor prior to lifting, or damage will occur.
- Before beginning installation, review our complete list of warnings by visiting www.saylite.com/warnings.

Overview

We believe in the power of light.

Your particular build may vary.
A. Identify Fixtures

- Use labels found on the box and inside fixture bodies to identify bodies.
- NOTE: Locations of labels can vary.
- Remove all fixtures from their boxes.
- Organize fixtures based on their labels at the install location.

B. Tools Needed

- Always use proper safety equipment when installing fixtures.
- Tools shown are recommended for standard install. Tools needed may vary based on actual install location conditions.

C. Identify Parts

- Read entire install instructions before beginning installation.
- Unpack all components and arrange in order of install steps.
- For help with installation, please contact us at www.saylite.com or call us at (972) 247-3171.
Step 1 - Prepare The Grid

A. Transfer Measurements

- Note the length and width dimensions of the fixture, including the pre-installed flange.
- Transfer the dimensions to the grid. Set the grid rails to the proper width.

B. Cut Ceiling Panels

- Optional: Cut ceiling panels to fit the custom fixture-spaced grid.

Items Used In This Step

Utility Knife
Step 2 - Prepare The Fixture

B. Remove 7/8" Knockout

• Remove the 7/8" knockout from the desired location as shown above.

B. Open Hurricane Clips

• Open the safety hurricane clips to 90° to prepare for the grid install.

Items Used In This Step

- Screwdriver
A. Install To Grid

- Lay the fixture in to the grid face down as shown above. Make sure all hurricane clips are over grid.
- Reinstall the components removed in Step 2-A.

B. Wire The Fixture

- Wire the fixture to the incoming supply. Refer to the wiring legend above as needed.
- **Note:** Use UL approved connectors only. Follow all local, state and national codes.
- Install is now complete.

**Items Used In This Step**

- Secure Hurricane Clip
- Fixture Harness (Factory Installed)
- Incoming Supply (Dimming Optional)
