

Texas Fluorescents  
Reinvented

# Series CV800

LED High Abuse Fixture

## FEATURES & SPECIFICATIONS

### INTENDED USE

A wrap around fluorescent fixture designed for parking garages, school corridors or any application where high abuse or vandalism could occur.

### Construction

Back plate is die formed of 16 gauge steel. Lens attached to back plate with tamper resistant stainless steel screws.

### Diffuser

Diffuser is made of injection molded UV stabilized 100% clear, polycarbonate with an internal prismatic pattern.

### Mounting

Units may be surface or wall mounted.

### Electrical

Unless otherwise specified, ballasts are rapid start, class "P" thermally protected, H.P.F., CBM-ETL. Optional ballasts available include: energy saving (ESB), electronic (ELB), dimming (DIM), low temperature (CW). Standard voltage on all fixtures is 120V 60Hz AC, or as specified. Sufficient knockouts are provided on the back for all connections and through wiring.
