Series VAN

Wall Mount End Cap Bath Bars

The End Cap Bar Series of diffuser assemblies allow the lighting designer and manufacturer to produce a cost effective, yet elegantly style luminaire. By utilizing our spring clips with a standard 2-light strip fixture, a low cost luminaire with a high perceived value to be achieved.

CONSTRUCTION

Housing is die-formed and embossed code 22 gauge steel. Finish is high reflectance baked white enamel. Wiring knockouts are provided on back and end of housing. Fully open, fixture stagger is as follows: 2'-10", 3'-20", 4'-26".

DIFFUSER

The diffuser assembly consists of a solid white, clear fluted or white fluted profile mated to a choice of end cap sizes and colors. We have expanded the range of offerings on the End Cap Bar Series to include a new Frosted Ribbed Diffuser. The new diffusers give the appearance of frosted glass, while maintaining the shipping and usage durability of acrylic. The diffuser is available with full range of standard caps, narrow caps, inclusive of all marble colors and trip options.

MOUNTING

The spring clips, when fastened to the strip fixture, creates a pressure fit mounting method, allowing the completed luminaire to be suitable for either vertical or horizontal wall mounts.

OPTIONS

A range of colors are available from basic opaque white to a family of marble effects. We have developed colors which can emulate effects of translucent alabaster or marble grains or a variety of opaque faux marble finishes.

DIMENSIONS

25 1/2" x 4 3/4" x 4"

37 1/2" x 4 3/4" x 4"

49 1/2" x 4 3/4" x 4"
