

#### APPLICATIONS

Suitable for use in residential and light commercial applications. Ideal for use in closets, laundry areas and pantries.

#### FEATURES & SPECIFICATIONS

◆ **Attributes**

These energy saving fixtures feature floating looking square shaped softly contoured acrylic lenses. Available in 3 sizes.  
Available also in PL lamps.

◆ **Electrical**

Normal power factor, U.L. approved ETL-CBM internally fused ballasts are standard on all circline lamped fixtures. Fixtures are wired for 110-120 volt, 60 cycle A.C. operation. Ballasts and wiring for other voltages and applications will be supplied when requested to meet specification. Fixtures bear U.L. labels.

◆ **Mounting**

Mounting on walls or ceilings

◆ **Housing**

One piece die formed cold rolled steel with lighting grade post painted enamel finish

◆ **Diffuser**

Smooth white acrylic low profile saucer-styled diffuser. Meets ADA requirements.

◆ **Finish**

Socket Plate White

◆ **Listing**

Fixtures conform to Underwriters' Laboratories standards for production and are carefully tested prior to packing
