Series HOTOA

LED Architectural Exterior

This modern, wet location, outdoor series is ideal for hospitality (hotel, motel, casino) and multi-family (apartment building, condominium) applications which require a repetitive look that will not overpower the space.

CONSTRUCTION

Die-cast aluminum body, black or silver powder-coated finish, thick metal bands across the white, polycarbonate diffuser to provide a highly durable and attractive product to withstand the elements.

ELECTRICAL

LED driver on board array 120V.

OPTIONS

Black or silver powder coat finish. 3000K standard; consult factory for 4000K.

DIMENSIONS

14"L x 10"W x 5.75"D
