

JOB NAME:

CAT#:

TYPE:

APPLICATIONS

Side mounted LED strip fixtures. For use in indoor applications with restricted space, where shallow design, high performance and ease of installation are required. Designed for cove, valance and display lighting.

Housing and ends are die-formed from cold rolled steel. Finish is high reflectance baked white enamel. Snap-in end caps may be butted together for continuous row mounting. Snap-on ballast covers for simple installation and maintenance. Single wireway cover. Knockouts are provided for flexible conduit attachment. Listed by and bears _cETL_{US} label.

FEATURES & BENEFITS

- Side mounted LEDs
- Snap together design
- Low profile housing
- Available in 2' or 4' lengths
- Single sided or double sided units available
- Single or continuous row mounting capability
- Steel housing and ends with white enamel finish
- _cETL_{US} listed for damp location

DIMENSIONS

1 Light

2 Light
