## APPLICATIONS

The LTP is ideal for many residential and commercial applications such as offices, kitchens, and utility rooms. This decorative T8 LED strip utilizes an energy efficient LED lamp to provide energy savings as well as a modern, sleek aesthetic.

- Die-formed and embossed code 22 gauge cold roll steel housing
- High reflectance baked white enamel finish
- Fixture wraps around to hide sockets cleanly
- Functional end caps protect sockets from impact and are removable to access wireway
- Pendant mount only
- Easily mounted through holes provided in housing
- Includes 5 foot suspension hardware kit
- UL listed for damp location with LED lamps installed

The most economical, practical, and user friendly series of LED fixtures with energy savings, quality of light, long life and hassle-free maintenance/ EZLED fixtures are UL listed with the latest LED T8 bypass lamps. These fixtures provide over 44% energy savings over comparable fluorescent fixtures utilizing less expensive fixtures than the fluorescent version (no ballast required). They also provide the flexibility to change the wattage and color temperature at any time. Are you concerned about maintenance with an LED array and driver fixture? EZLED resolves that issue by utilizing a self-contained LED lamp that fits into your fixture just like the classic fluorescent tube. The fixture performance will evolve over time with the evolution of the T8 LED lamp technology, and our five-year warranty guarantees a reliable, high quality product.

### Optional Dimming

The 4 foot lamps are available with a dimming option. Specially designed dimming lamps require an external driver.

## FEATURES & BENEFITS

### Lamp Specifications

Our EZLED fixtures come standard with SaveGreen T8 LED lamps. They are available in different wattage, lumens, and color temperature options (see lamp options and specifications at [www.savegreenlighting.com](http://www.savegreenlighting.com)).

- $L_{70} > 50,000$  hrs.
- Operating temperature: -20°C to 50°C
- Color Temperature: 3500K, 4000K, 5000K
- G13 pins (same as fluorescent linear T8 bi-pin)
- AC100-277V
- Integral driver (non-isolated) eliminates the need for external driver or ballast
- Environmentally friendly, no mercury used
- UL Classified
- Min CRI 80
- 5 year warranty
